Executive Director
Take Charge Juvenile Diversion Program, Inc.
2810 Walters Lane, District Heights, MD 20747

Dear Mr. Mustaf,

On behalf of the *Riverdale Baptist School*, I am pleased to offer this letter of support for your implementation of the afterschool youth program entitled "Global Citizen's Forum (GCF)" and the associated research study funded by a National Institute of Justice grant. You explained the details of this program, your intention to implement it during the fall of 2018, and requested permission and support to recruit participants for the program from amongst our student body. We understand that you will conduct recruitment activities within our school including conducting information sessions about the GCF program and the related study for students and parents, post fliers and posters and gather student assent/parent consent forms from those students who would like to volunteer to take part.

We look forward to working with you in providing our students and their parents with this learning opportunity.

Sincerely,

Tarik Harris
